

COMPANY PROFILE

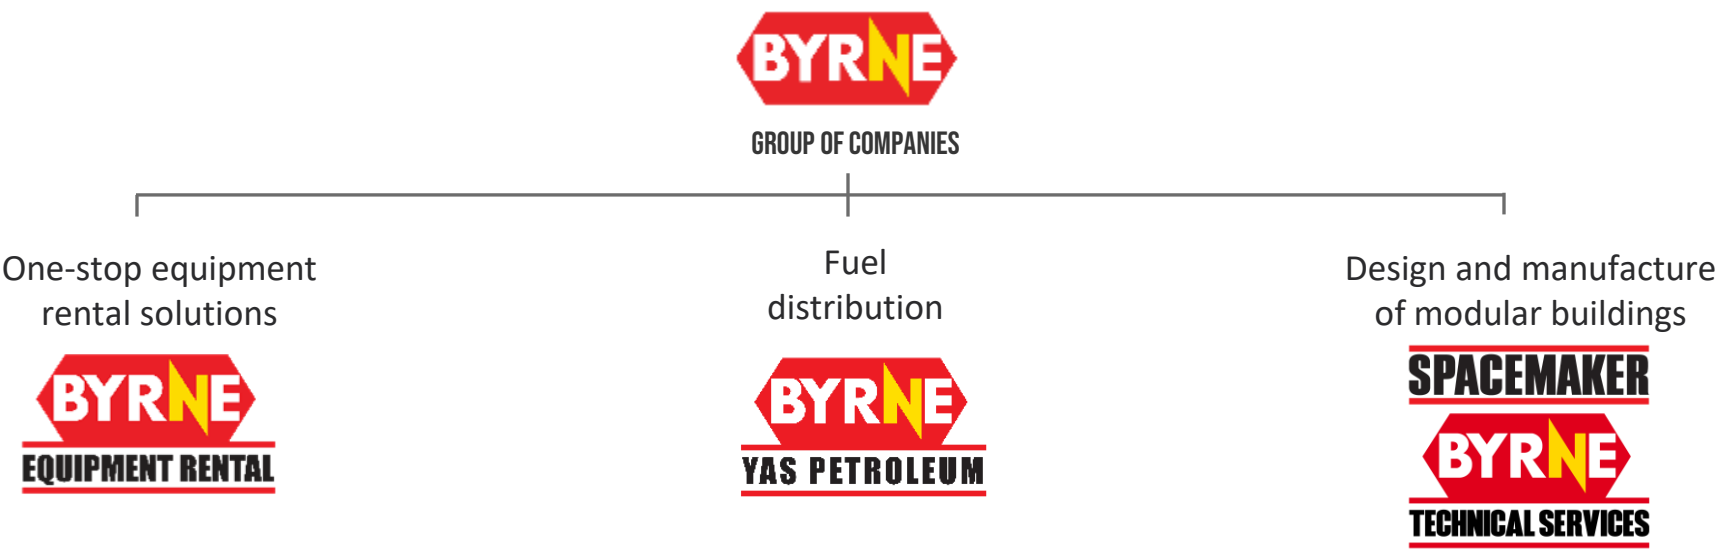

BUSINESS LINES

MARKET LEADERS

One of the largest rental equipment providers in Middle East.

Over 30 years presence in Middle East market with 19 operational bases, covering the **UAE, KSA, OMAN** and **BAHRAIN**. We have a fleet of over 14,000 items of plant and a team of over 1,500 people.

WE GO **BEYOND** AN EQUIPMENT PROVIDER

"As a rental service provider, we are more than just an equipment supplier; we deliver expert solutions, outstanding customer service and maintenance support that go beyond the equipment itself."

Pat Fallon
Deputy CEO

BRAND REPUTATION

Best quality and reputable brands over 30 years experience in the region as your trusted partner.

ONE-STOP SOLUTION

Tailored support for your needs, provided by our expert specialists in design, installation and system operation along with a diverse range of equipment.

FLEET

One of the largest and most diversified rental fleets in the GCC.

PEOPLE

Deep industry knowledge and a skilled workforce of experienced in-house specialists.

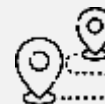

SERVICE

24/7 service support from dedicated sales and service team.

QUALITY & COMPLIANCE

ISO – certified operations and equipment meet strict industry standards, including Oil and Gas.

LOCATION

Strategically located branches close to you.

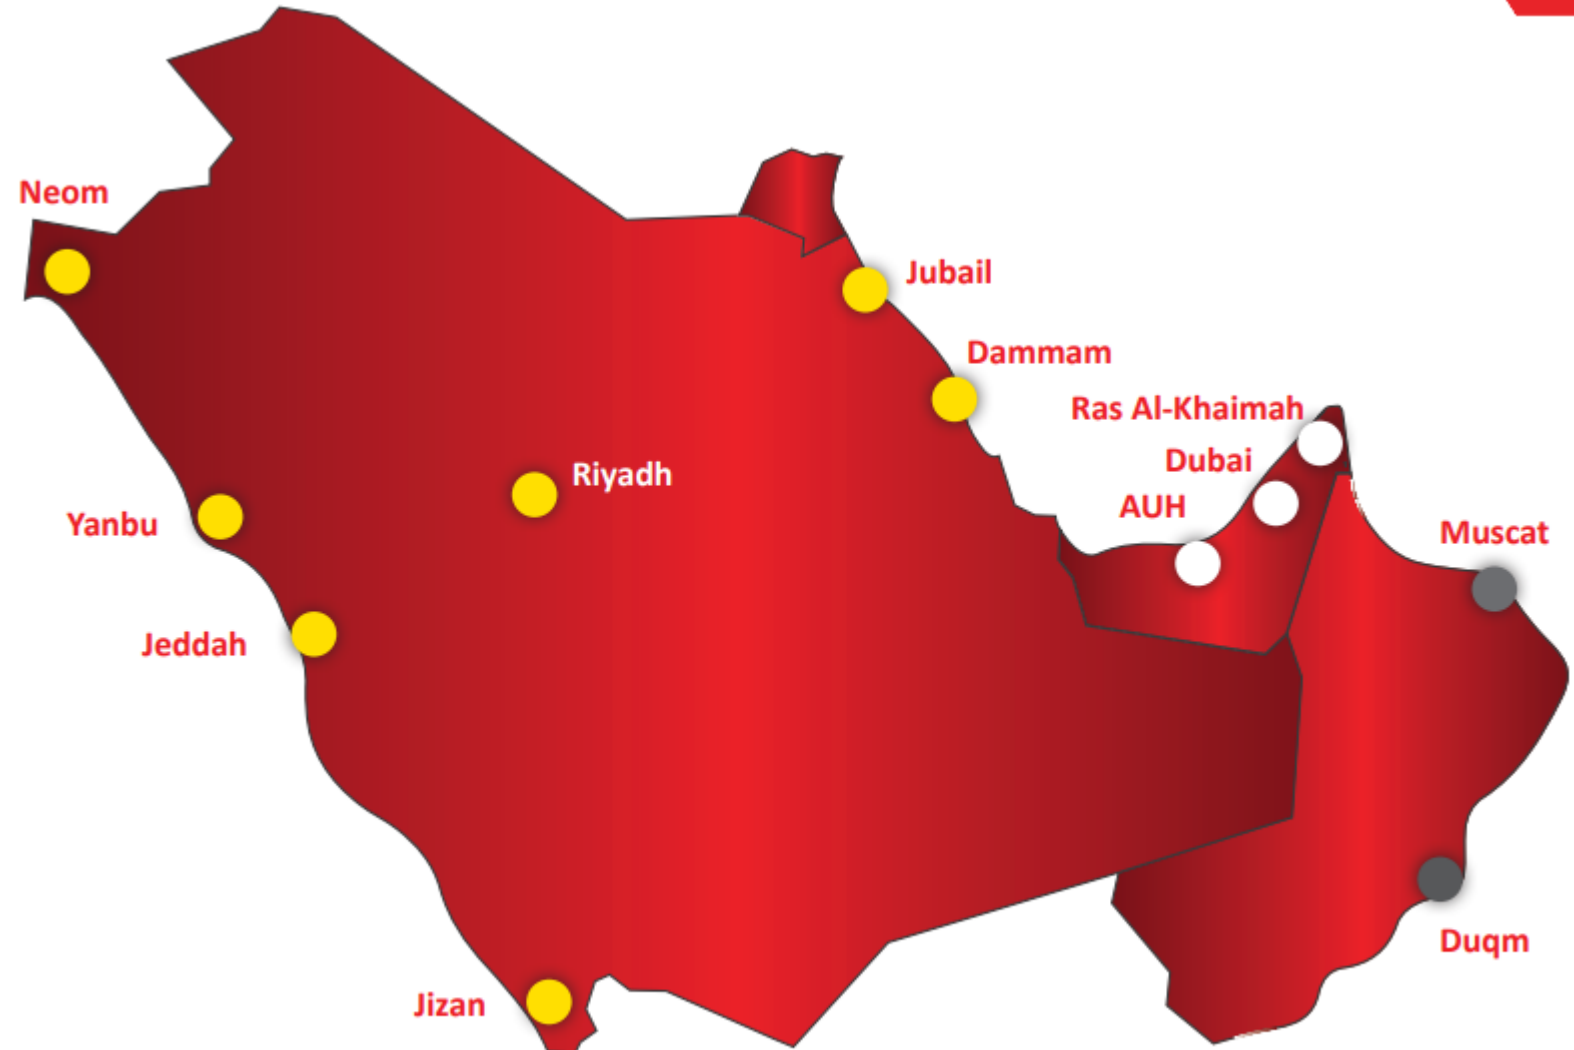

SAFETY

Highest standard of health, safety & environmental compliance with ISO 14001 and ISO 45001 accreditations

PROJECT REFERENCES

Solution	Industry	Location	Project	Service/Equipment Provided
Site Facilities	Events	KSA	Welfare and support services for multi-stage Desert Motorsport	Provided comprehensive temporary accommodation, power solutions, site services, and site management, along with full logistical support, for a multi-stage motorsport event in Saudi Arabia. The services included end-to-end management, ensuring seamless coordination across all 12 stages of the event
Site Facilities	Petrochemical	KSA	Welfare and offices during shutdown and turnaround	During a critical shutdown for a petrochemical client, we provided essential site welfare facilities, office power, and tower lights under tight timelines and challenging conditions. Our support ensured uninterrupted operations and enhanced personnel safety, contributing to a seamless turnaround process
Power	Petrochemical	KSA	10.4MW mega power plant	Delivered and managed comprehensive 10.4MW temporary turnkey medium voltage power solution to meet our petrochemical customers' prime power requirements, ensuring reliable energy supply to support their critical production operations efficiently and safely
Power	Military	KSA	30MW summer peaking temp power for residential city	Managed MV power solution to support isolated grid system with automated power on demand during peak loads
Power	Construction and Infrastructure	UAE	12MW provided for Schools in Al Ain during construction	Power solution of 10 x 1000 kVA and 10 x 500 kVA generators, cables and distribution board
HVAC	Oil and Gas	UAE	Mud cooling package to support drill rig operations	Supplied mud cooling chiller package consisting of 2 x 200 TR air chillers, plate heat exchanger with accessories and auxiliary power to assist with maintaining optimum mud temperatures while conducting drill operations
Hoist & Mast Climbers	Construction and Infrastructure	UAE	Removal of hazardous cladding for over 200 high rise buildings in Sharjah	Designed and supplied 25 x mast climbers as an alternative solution to scaffolding to support our client with a temporary and efficient way to work at heights of up to 180M
Camp Solution	Oil and Gas	KSA	150-man rig site camp supporting exploration activities	Delivered a 150-man rig camp, completed with all associated site services and support, to an oil and gas company conducting natural gas exploration in a remote desert locations. This turnkey solution included accommodation, power, water, sewage, and other essential services, ensuring the efficient operation and comfort of the workforce in challenging conditions

CLIENT TESTIMONIALS

Customer satisfaction is at the core of Byrne's value proposition and drives its high level of repeat business.

"We at ARAMCO Fadhili Gas Plant Department would like to hereby extend our sincere appreciation and gratitude for the outstanding service provided by Byrne Equipment Rental as a Partner and Vendor for equipment rental services.

Byrne Equipment Rental, has been committed towards their scope of work, under several of our Mid Form Contracts, with their extensive fleet of high-quality equipment, coupled with their prompt and efficient 24/7 periodic maintenance and emergency breakdown support services, which has greatly facilitated our operations.

In summary, Byrne Equipment Rental has consistently demonstrated excellence in equipment rental services."

Maintenance & TI Supervisor
Saudi ARAMCO

"I am writing to express my utmost satisfaction and gratitude for the exceptional Camp & Equipment Rental Services provided by Byrne Equipment Rental.

I appreciate the turnkey solutions provided by Byrne Equipment Rental, including equipment rental, camps, catering, and diesel supply, making my overall journey incredibly smooth.

Thank you once again for the outstanding equipment rental services and for exceeding my expectations. I am a satisfied and grateful customer, and I look forward to a continued relationship with Byrne."

Senior Project Manager
NMDC

"This collaboration has been instrumental in successfully delivering a myriad of the region's most esteemed projects and events. Notable examples include but are not limited to the Red Bull initiatives, the Dakar Rally, Formula E, Saudi Arabia Grand Prix 2021 and many other prestigious undertakings.

Throughout our longstanding partnership, we have consistently observed the exceptional quality of products and services rendered by Byrne. This collaborative spirit has been particularly and orchestrating events, often within remote and logistically challenging locales, and under stringent time constraints such as NEOM and Al Ula."

Equipment

Temporary Buildings

Modular Units (Sleepers)

- 20 x 8ft to 40 x 12ft
- 1 man to 16 men
- Cabin/ Container

Office Cabin

- 20 x 8ft to 40 x 12ft
- Open Plan/ Multiroom
- Container/ Flatpack

Blast Resistant Module BRM

- O&G Industry Compliant Building with 5PSI, 8PSI and 10PSI
- Other products include Kitchen, Reefer, Prayer Room

We also provide Solar Solutions for our buildings

Power Generation

Generators

- 20 kVA to 1650 kVA
- 50/ 60 HZ

Loadbanks

- 136 kW to 2500 kW
- 50/ 60 HZ

Transformers

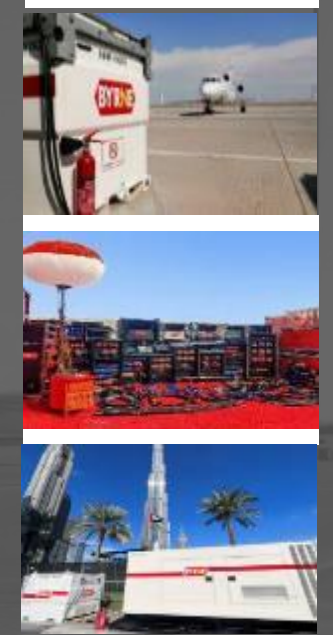

- 2 kVA to 4 MVA, plus small 220 V to 110 V multi output

Other power accessories:

- Power Distribution Boards and Switch Gear (low and medium voltage Distribution)
- Cables
- Change Over Switches

Diesel Tanks

- 200 to 6000 Gallons

NMDC Solar Powered Camp Installation for EPC and Marine Projects (UAE)

Installed the 500-man camp, integrated with 700-solar panels, each with a capacity of 580 watts, supported by inverters and hybrid controllers

10.4MW Mega Power Plant in the Petrochemical Industry (KSA)

Design, installation and operation of comprehensive 10.4MW temporary turnkey medium voltage power solution to meet our petrochemical customers' prime power requirements, ensuring reliable energy supply to support their critical production operations efficiently and safely

Material Handling

Heavy Lifting Solution

Forklifts

- 2 to 16T
- Safety features including Tilt Lock Valve and Gas Springs with Automatic Lock

Hoist & Access

Hoists

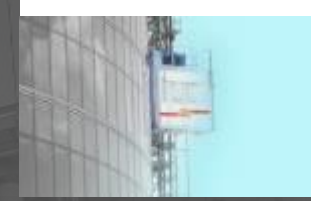

- ALIMAK Twin Cab or Single Cab
- 10 to 200M

Mast climbers

- HEK Twin or Single
- 10 to 200M

Material Hoists - lift and move heavy materials or people vertically. It's like an elevator for construction sites

Mast Climbing Work Platforms - platforms that move up and down along a building, allowing workers to access different heights and stay in safe platform to perform their work, more effective, efficient and safer than scaffolding

Provision of Forklifts for Well Site Operations (KSA)

Rental solution for forklifts with certified operators, specially equipped for highly regulated oil and gas sites. Our fleet meets strict oil & gas compliance standards and adheres to the highest Health & Environment (H&E) regulations for safety and efficiency

25 x Mast Climbers Project in Sharjah Construction and Infrastructure Industry (UAE)

Designed and Supplied 25 x mast climbers as an alternative solution to scaffolding to support our client for removal of hazardous with a temporary and efficient way to work at heights of 200 high rise buildings

Air & Steam

Compressor

- Oil free/ diesel power
- 185 to 1500 CFM

Desiccant Dryer

- 1750 CFM Desiccant Dryer (150-175PSI)
- 1600 CFM Desiccant Dryer (150-175PSI)

Steam Boilers

- We provide boilers 2 to 10T

Mobile Lighting

- Solar/ Diesel Engine Towers
- LED/ Metal Halide
- Diesel Power/ Solar
- 400W/ 500W/ 1000W
- Floodlights: 150W and 400W
- Vertical Mast up to 9M

Temporary Steam Solution for Refinery Shutdown (UAE)

A comprehensive one-stop solution, offering 6.0-ton and 2.0-ton equipment, design, and full installation and operation of boiler systems and pipelines. We provided round-the-clock operation and maintenance services, with certified boiler operators available on-site 24/7

Full Camp and Site Solutions for 170 pax at 5 Shooting Locations in QAS Desert (UAE)

Provided 15 LED lighting towers and also included power supply and water supply, related facilities, and modular buildings at five shooting locations for a 170-person crew across the QAS Desert

Cargo Containers

Meets with the offshore oil & gas DNV 2.7-1, EN12079 certification and ISO/CSC transportation certificated

Various purposes units are also provided:

- Hazardous Cargo Containers
- Workshop Containers
- Store Containers
- Rigging Containers
- Reefer Containers
- Cargo Baskets
- Cargo Toolbox's
- Half Heights
- Lifting Frames

Sanitation

Ablution

- Various sizes from 8 x 8ft to 40 x 12ft
- Cabin/ Container
- Various types such as People of Determination, All male, All female, Mix type, Asian/European and VIP

Showers

- Various sizes from 32 x 8ft to 40 x 12ft
- Cabin/Container

Porta-loo

Water Tanks

- 1000/ 3000/ 5000 Gallon

Other value-added solutions :

- Water, Sewage and Cleaning Services
- Water and Waste Water Treatment, Water Desalination Plants and Equipment

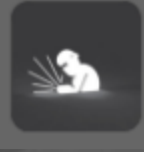

Supply of 62 washrooms for Winter Wonderland project in Events Industry (KSA)

Provided 62 ablution units (VIP, regular and accessible) with a one-stop solution to supply power generators (32 mVA capacity) and other equipment together to enhance visitors' accessibility and experience

Welding Equipment

Welding Machine

- Electric/ Diesel
- 375A to 500A
- Skid Mounted/ Wheel Mounted
- Fitted with Lifting Hook and MPI Certificate
- Output ranges from 100-500Amps with 3 kVA auxiliary power
- Optional conversion to zone 2 use

Climate Control

We provide one-stop solution for your requirement from system design to installation (Including Cabling, Chiller, Heat Exchanger and Generator etc)

We also provide Mud Cooling Solution.

AC Floor Standing Split Units

- 5-10 TR

Package AC unit

- 5 to 20 TR
- 30-50 TR Industrial

Chiller with Pumps and Air Handling Units

- 150 to 500 TR

Heat Exchangers

Offshore Welding Machines Supply for Marine Workshop and Barge Operations (UAE)

Rental included 50 diesel-powered welding machines, fully independent of grid power. Designed to withstand harsh conditions, these machines meet rigorous safety standards. We also provided on-site support and preventive maintenance services to ensure uninterrupted business operations

Misk City Project (KSA)

Delivered 2500 tons of chilled water as part of the district cooling solution

SOLAR POWER SOLUTIONS

We provide efficient, eco-friendly solar power solutions to support your business with sustainable energy across industries, offering:

Clean Energy

Off-grid Capability

Cost Efficiency

Reliability

Environmental Responsibility
(Reduced Carbon Footprint)

Customisation

Less Noise Pollution

Smart Integration &
Remote Monitoring

Minimised Operation
Time & Efforts

Solar-powered Camps

Temporary buildings with solar panels

Solar-powered Lighting Towers

LED lights with a battery for lighting
Up to 13 hours

BESS (Battery Energy Storage Systems)

Ideal for managing peak load applications
(e.g. cranes, hoists/mast climbers),
with a lower-rated generator, reducing
emissions, fuel consumption, and noise
for a quieter environment

Solar Panel Solutions

High-efficiency solar panel

SOLAR-POWERED TEMPORARY BUILDINGS

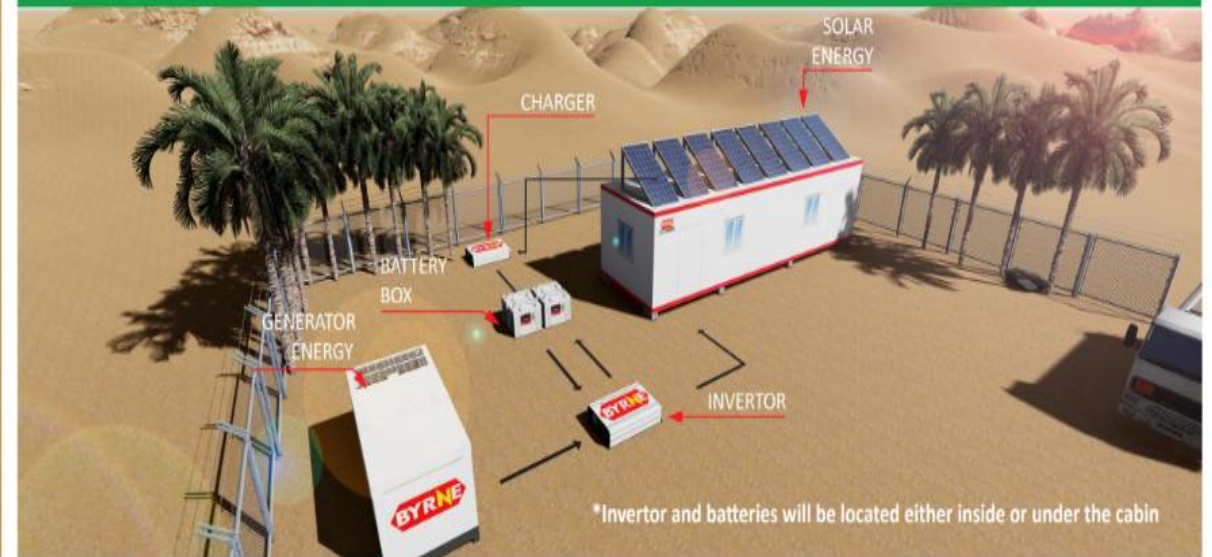

Uninterruptable Solar Solution – Without Battery

During the day, solar panels supply power directly. At night, a generator provides power.

Uninterruptable Solar Solution – With Battery

During the day, solar panels charge the battery and supply power. At night, the battery provides power, and a generator is used only if the battery is depleted.

CASE STUDY – LIWA FESTIVAL – SITE INFRASTRUCTURE AND WELFARE SUPPORT

Client Brief:

Managed infrastructure and welfare for a remote event, supporting 700+ people with facilities, power, and operations.

Equipment Supplied:

Supplied 600+ equipment units and essential services, scaling up for public use and event support.

Solution:

Ensured timely delivery, installation, and management of equipment with real-time coordination for uninterrupted operations.

Result:

The project was executed on time, meeting client expectations and securing repeat orders. Our coordination ensured a seamless experience for all.

CASE STUDY – DAKAR RALLY EVENT PROJECT

Client Brief:

We provided site services and welfare solutions for the Dakar Rally event project, ensuring seamless logistics, safety, and efficiency.

Equipment Supplied:

Provided full support, including accommodation, power, sanitation, and logistics, managing 2500+ trailer movements across 12 states over 8000 km in Saudi Arabia.

Solution:

Ensured timely setup of accommodations and services through efficient logistics, real-time monitoring, and proactive problem-solving for uninterrupted operations.

Result:

The motorsport event was a success, with seamless coordination, high satisfaction, and efficient logistics ensuring a memorable experience.

CASE STUDY – SHOOT SITE FACILITIES AND ACCOMMODATION IN AUH

Client Brief:

A shooting production company required site facilities and welfare solutions for the crew in the remote Abu Dhabi desert, spanning multiple harsh locations.

Equipment Supplied:

We provided a 170-person camp with accommodations, dining, and recreation, along with essential infrastructure at five shooting locations, ensuring seamless utilities and sanitation.

Solution:

Our team managed logistics, installation, and maintenance, ensuring sites were ready before shooting. We provided ongoing support, coordinating deliveries, utilities, and real-time issue resolution.

Result:

Our site facilities and welfare support ensured a smooth, efficient production in the remote desert, keeping the crew on schedule and focused on creativity.

CASE STUDY – RIYADH CAR SHOW

Client Brief:

The scope was to provide wild air and comfort cooling for the Riyadh car show that was under 5 tented structures covering 10000 sqm as part of Riyadh Season.

Equipment Supplied:

A range of equipment was supplied including 11 x AHU's 200 Ton and 8 x Chillers 230 Ton units.

Solution:

To support our clients' requirements 1,600 Ton of chilled water and 2200 Ton of air was provided. The air was distributed through internal ducting at ceiling level across the 10,000 sqm with an ambient temperature of 200°C.

Result:

The client was able to create a consistently cooled atmosphere to take care of not only the customers comfort cooling but to maintain a managed temperature for the high value cars on display.

CASE STUDY – WINTER WONDERLAND

Client Brief:

Winter Wonderland is an endless festival of activities, plays, and shopping opportunities held across a 200000 sqm open space and is home to the largest skating rink in the Middle East. The client required support from Byrne to execute the long running event.

Equipment Supplied:

Power Generation - 32 mVA, 62 ablutions inclusive of VIP, regular and people of determination configurations.

Solution:

Byrne met the client's exact requirements and supplied equipment to cater to the vast and diverse range of visitors.

Result:

The event was a huge success, attracting in excess of 8 million visitors over the course of five months.

WHAT WE DO

Spacemaker in the UAE and Byrne Technical Services in KSA offers modular building solutions for various uses across different industries. Our product range includes prefabricated and modular buildings.

Prefabricated and Modular Buildings:

Applications:

Site Offices

Accommodation

Ablution Units

Kitchens and Mess Halls

SOLUTIONS OF PREFABRICATED AND MODULAR BUILDINGS	FEATURES AND ADVANTAGES
ECOSPACE	Cost and time effective basic prefabricated light gauge steel buildings
LUXSPACE	Top-tier, customizable living spaces, ensuring comfort and quality with quicker build times than traditional methods
CONTAINERSPACE	Converted, versatile, and transportable container that can be easily customized to fit different needs
RIGSPACE	Rapid-deploying mobile solutions for driller/rig and military camps, designed to meet fire rating standards
TRAILERSPACE	Mobile, versatile structures offering quick deployment and easy transport across industries
FLATSPACE	Cost-effective solutions to feature 20ft stackable modules with 'knock-down' components, ideal for urgent needs
BLASTSPACE	Certified to withstand blasts up to 200ms, offering protection in hazardous environments
