

EVENTS EQUIPMENT
RENTAL SOLUTION

CLIENT TESTIMONIALS

Blink Experience

Recognised for exceptional partnership and contribution across some of the region's most prestigious events and projects — including **Red Bull Initiatives, Dakar Rally, Formula E, Saudi Arabia Grand Prix 2021, NEOM, Al Ula, and many other prestigious undertakings.**

This recognition highlights the enduring collaboration between **Byrne Equipment Rental** and **Blink Experience** in delivering world-class solutions under challenging timelines and remote conditions, ensuring seamless execution, reliability, and service excellence throughout every project.

Dubai Airshow

Recognised with Certificates of Achievement for outstanding contribution and on-site support of **Byrne Equipment Rental** to major international exhibition.

CASE STUDY

LIWA FESTIVAL – SITE INFRASTRUCTURE AND WELFARE SUPPORT

Client Overview: Managed infrastructure and welfare for a remote event, supporting 700+ people with facilities, power, and operations.

Solution Provided: Byrne delivered 600+ equipment units and essential services, scaling up for public use and event support.

Operational Support: Ensured timely delivery, installation, and management of equipment with real-time coordination for uninterrupted operation.

Result: The project was executed on time, meeting client expectations and securing repeat orders. Our coordination ensured a seamless experience for all.

CASE STUDY

SHOOT SITE FACILITIES AND ACCOMMODATION

Client Overview: A shooting production company required site facilities and welfare solutions for the crew in the remote Abu Dhabi desert, spanning multiple harsh locations.

Solution Provided: Byrne delivered 170-person camp with accommodations, dining, and recreation, along with essential infrastructure at five shooting locations, ensuring seamless utilities and sanitation.

Operational Support: Our team managed logistics, installation, and maintenance, ensuring sites were ready before shooting. We provided ongoing support, coordinating deliveries, utilities, and real-time issue resolution.

Result: Our site facilities and welfare support ensured a smooth, efficient production in the remote desert, keeping the crew on schedule and focused on creativity.

CASE STUDY

DAKAR RALLY EVENT PROJECT

Client Overview: We provided site services and welfare solutions for the Dakar Rally event project, ensuring seamless logistics, safety, and efficiency.

Solution Provided: Byrne deployed Full support, including accommodation, power, sanitation, and logistics, managing 2500+ trailer movements across 12 states over 8000 km in Saudi Arabia.

Operational Support: Ensured timely setup of accommodations and services through efficient logistics, real-time monitoring, and proactive problem-solving for uninterrupted operations.

Result: The motorsport event was a success, with seamless coordination, high satisfaction, and efficient logistics ensuring a memorable experience.

CASE STUDY

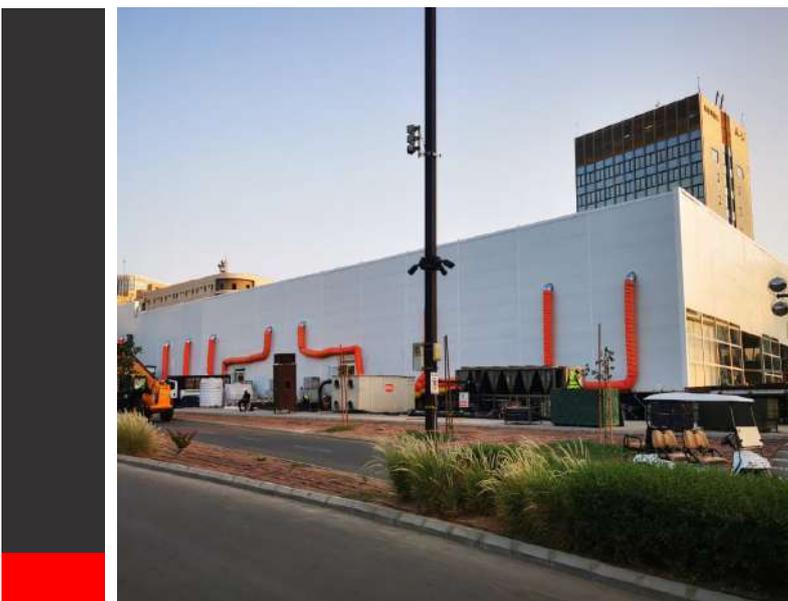

RED SEA INTERNATIONAL FILM FESTIVAL

Client Overview: The renowned Red Sea International Film Festival (RSIFF), held in Jeddah at the historic heart of Arab heritage in Al-Balad, required extensive site facilities and guest-support solutions across multiple festival zones.

Solution Provided: Byrne delivered HVAC systems, ablutions, People of Determination units, cabins, and food-outlet facilities across the Industry Souq and Festival Garden, ensuring comfort, accessibility, and full operational readiness throughout the event.

Operational Support: Our team managed logistics, installation, and maintenance, ensuring all areas were prepared ahead of opening. During the live festival, we provided continuous operational support, including temperature monitoring and full sanitation services, coordinating closely with the client for timely responses and smooth event flow.

Result: With consistent climate control and seamless sanitation services, we helped maintain an ambient, visitor-friendly atmosphere across crowded venues. Our reliable onsite support ensured uninterrupted festival operations and an enhanced experience for all attendees.

CASE STUDY

FORMULA 1 SAUDI ARABIAN GRAND PRIX

Client Overview: The global Formula 1 Saudi Arabian Grand Prix (SAGP), held at the Jeddah Corniche Circuit, required extensive site facilities to support operations, fan engagement areas, and event management teams across the venue.

Solution Provided: Byrne delivered

Cabins, ablutions, People of Determination units, ticket booths, and hoists, including installations for the Fan Zone, ensuring accessibility, comfort, and smooth crowd flow throughout the event.

Operational Support: Through meticulous planning and coordination, our team managed large-scale logistics and installations well ahead of schedule. Supported by our experienced event-services crew, we ensured seamless setup, on-site readiness, and reliable support during the event.

Result: By delivering and installing significant equipment ahead of deadlines, we exceeded client expectations and reinforced their confidence in our capability to manage complex, high-profile mega event.

CASE STUDY

WINTER WONDERLAND

Client Overview: Winter Wonderland is an endless festival of activities, plays, and shopping opportunities held across a 200000 sqm open space and is home to the largest skating rink in the Middle East. The client required support from Byrne to execute the long running event.

Solution Provided: Byrne delivered Power Generation - 32 mVA, 62 ablutions inclusive of VIP, regular and People of Determination configurations.

Operational Support: Byrne met the client's exact requirements and supplied equipment to cater to the vast and diverse range of visitors.

Result: The event was a huge success, attracting in excess of 8 million visitors over the course of five months.

- Various sizes from 8 x 8 ft to 40 x 12 ft
- Cabin/ Container
- Various types such as People of Determination, All Male, All Female, Mix Type, Asian/ European and VIP

Showers

- Various sizes from 32 x 8 ft to 40 x 12 ft
- Cabin/ Container

Portaloo

Water Tanks

1000/ 3000/ 5000 Gallon

Other value added solutions :

- Water, Sewage and Cleaning Services
- Water and Waste Water Treatment, Water Desalination Plants and Equipment

Temporary Buildings

Modular Units (Sleepers)

- 20 x 8 ft to 40 x 12 ft
- 1 man to 16 men
- Cabin/ Container

Office Cabin

- 20x8 ft to 40x12 ft
- Open Plan/ Multiroom
- Container/ Flatpack

Blast Resistant Module BRM

- O&G Industry Compliant Building with 5PSI, 8PSI and 10PSI
- Other products include Kitchen, Reefer, Prayer room

We also provide Solar Solutions for our buildings

Power Generation

Generators

- 20 kVA to 1650 kVA
- 50/ 60 HZ

Loadbanks

- 136 kw to 2500 kw
- 50/ 60HZ

Transformers

- 2 kVA to 6 mVA, plus small 220 V to 110 V multi output

Other Power Accessories:

- Power Distribution Boards and Switch Gear (Low and Medium Voltage Distribution)
- Cables
- Change Over Switches

Diesel Tanks

- 200 to 6000 Gallons

Mobile Lighting

- Solar/ Diesel Engine Towers
- LED/ Metal Halide
- Diesel Power/ Solar
- 400W/ 500W/ 1000W
- Floodlights: 150W and 400W
- Vertical Mast up to 9M

Climate Control

We provide one-stop solution for your requirement from system design to installation (Including Cabling, Chiller, Heat Exchanger and Generator etc)

We also provide Mud Cooling Solution.

AC Floor Standing Split Units

- 5-10 TR

Package AC Unit

- 5 to 20 TR
- 30-50 TR Industrial

Chiller with Pumps and Air Handling Units

- 150 to 500 TR

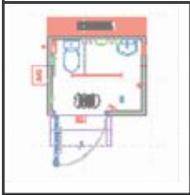

Heat Exchangers

SOLAR POWER SOLUTIONS

We provide efficient, eco-friendly solar power solutions to support your business with sustainable energy across industries, offering:

Clean Energy

Off-grid Capability

Cost Efficiency

Reliability

Environmental Responsibility
(Reduced Carbon Footprint)

Customisation

Less Noise Pollution

Smart Integration &
Remote Monitoring

Minimised Operation
Time & Efforts

Solar-powered Camps

Temporary buildings with solar panels

Solar-powered Lighting Towers

LED lights with a battery for lighting up to 13 hours

BESS (Battery Energy Storage Systems)

Ideal for managing peak load applications (e.g. cranes, hoists/mast climbers), with a lower-rated generator, reducing emissions, fuel consumption, and noise for a quieter environment

Solar Panel Solutions

High-efficiency solar panel

SOLAR-POWERED TEMPORARY BUILDINGS

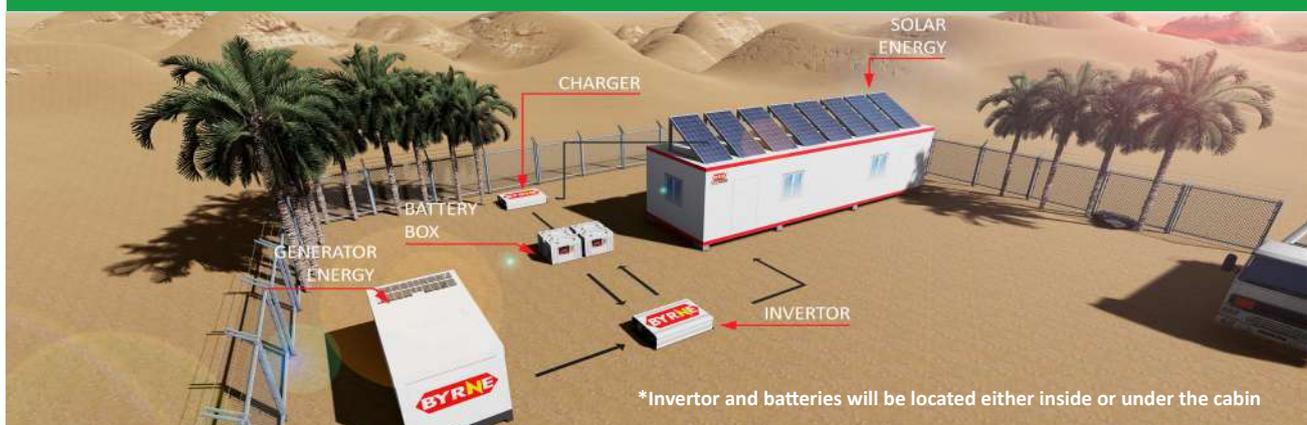

Uninterruptable Solar Solution – Without Battery

During the day, solar panels supply power directly. At night, a generator provides power.

Uninterruptable Solar Solution – With Battery

During the day, solar panels charge the battery and supply power. At night, the battery provides power, and a generator is used only if the battery is depleted.
