- 20 x 8 ft to 40 x 12 ft
- Open Plan/ Multiroom
- Container/ Flatpack

Blast Resistant Module BRM

- O&G Industry Compliant Building with 5 psi, 8 psi and 10 psi
- Other products include Kitchen, Reefer, Prayer room

We also provide Solar Solutions for our buildings

NMDC Solar Powered Camp Installation for EPC and Marine Projects (UAE)

Installed the 500-man camp, integrated with 700-solar panels, each with a capacity of 580 watts, supported by inverters and hybrid controllers

Power Generation

Generators

- 20 kVA to 1650 kVA
- 50/60 Hz

Loadbanks

- 136 kW to 2500 kW
- 50/60 Hz

Transformers

- 2 kVA to 6 MVA, plus small 220 V to 110 V multi output

Other Power Accessories:

- Power Distribution Boards and Switch Gear (Low and Medium Voltage Distribution)
- Cables
- Change Over Switches

Diesel Tanks

- 200 to 6000 Gallons

Material Handling

Heavy Lifting Solution

Forklifts

- 2 to 16 T
- Safety features including Tilt Lock Valve and Gas Springs with Automatic Lock

Other value added solutions :

- Water, Sewage and Cleaning Services
- Water and Waste Water Treatment, Water Desalination Plants and Equipment

Welding Equipment

Welding Machine

- Electric/ Diesel
- 375 A to 500 A
- Skid Mounted/ Wheel Mounted
- Fitted with Lifting Hook and MPI Certificate
- Output ranges from 100-500 Amps with 3 kVA auxiliary power
- Optional conversion to zone 2 use

Supply of 62 Washrooms for Winter Wonderland Project in Events Industry (KSA)

Provided 62 ablution units (VIP, regular and accessible) with a one-stop solution to supply power generators (32 MVA capacity) and other equipment together to enhance visitors' accessibility and experience

Offshore Welding Machines Supply for Marine Workshop and Barge Operations (UAE)

Rental included 50 diesel-powered welding machines, fully independent of grid power. Designed to withstand harsh conditions, these machines meet rigorous safety standards. We also provided on-site support and preventive maintenance services to ensure uninterrupted business operations

Climate Control

We provide one-stop solutions for your requirement from system design to installation (Including Cabling, Chiller, Heat Exchanger and Generator etc)

We also provide Mud Cooling Solution.

AC Floor Standing Split Units

- 5 to 10 TR

Package AC Unit

- 5 to 20 TR
- 30 to 50 TR Industrial

Chiller with Pumps and Air Handling Units

- 150 to 500 TR

Heat Exchangers

SOLAR POWER SOLUTIONS

We provide efficient, eco-friendly solar power solutions to support your business with sustainable energy across industries, offering:

- Clean Energy
- Off-grid Capability
- Cost Efficiency
- Reliability
- Environmental Responsibility (Reduced Carbon Footprint)
- Customisation
- Less Noise Pollution
- Smart Integration & Remote Monitoring
- Minimised Operation Time & Efforts

Solar-powered Camps
Temporary buildings with solar panels

Solar-powered Lighting Towers
LED lights with a battery for lighting up to 13 hours

BESS (Battery Energy Storage Systems)
Ideal for managing peak load applications (e.g. cranes, hoists/mast climbers), with a lower-rated generator, reducing emissions, fuel consumption, and noise for a quieter environment

Solar Panel Solutions
High-efficiency solar panel

Misk City Project (KSA)
Delivered 2500 tons of chilled water as part of the district cooling solution
